EVERYBODY IS WELL PLEASED

Grimsby's First Home Blood Clinic Very Smoothly Operated — Some Donors Have Given of Their Blood as Many as Seven Times.

LIST OF DONORS

Another Grimsby Clinic Will be Held on Wednesday, July 28th — 40 Donors From Beamsville And Some From Beamsville Will be Accepted.

Not in a long time has anything been put over in Grimsby, that ran so smoothly, and that everybody was so well pleased with, as Grimsby's Home Blood Clinic last week.

Dr. Hollinshead, of Hamilton clinic, who had direct supervision over the local clinic, was tickled to death with the set-up and excellent "little hospital" in Trinity hall, were the two nurses from Hamilton.

The following letter was received last week by Chairman Wm. Hewson:

150 Main Street East,
Hamilton, Ontario,
June 24th, 1943.

Dear Mr. Hewson:

Well, the Grimsby Clinic day is over and it was most successful. I want to thank you for the work you did in lining up the donors and for all the arrangements which were carried out in a way

Town Property Changing Hands

Local Estate Mart Has Been Very Brisk The Past Ten Days — Homes Are in Demand.

Transfers of property in the town have been very brisk the past two weeks and several homes have new owners and owners have new names.

Mrs. Robert H. Hughes has sold her large house and property on the highway west of Kerman Ave. on Palmer Hill. She retained the lower portion with the old stone building which she will convert into a home.

(Continued on page 6)

Bathing House Moved To Beach

Lions Club Give up Nelles Road Bathing Beach — Transfer Activities to Grimsby Beach — Life Guard on Duty.

In deference to complaints made by adjoining residents regarding the newly erected bathing house on the lake bank, at the end of Nelles Road, Grimsby Lions Club sponsors of the swimming beach for kids at that point, will remove the bath house. Also the sponsoring of swimming at that point.

Lion Cecil Bell has made arrangements with the Cottagers of Grimsby Beach to remove the bathing house to the Beach and the Club will sponsor kids swimming at that point.

Mrs. Virginia Hewson, for the past two seasons swimming instructor and life guard will take up her duties at the Beach on Thursday morning, July 1st.

Lions life boat, to be used in case of emergency has also been moved to the Beach and will be available at that point.

GRIMSBY FRUIT BY AIR

GRIMSBY STARTS CLINIC — Pictures seen here were taken last Wednesday at the opening of the Red Cross blood donors' clinic at Grimsby. In the top group are some of the first donors having refreshments after giving blood. Left to right, they are: George Fair, Mrs. Robert Walters, Mrs. J. A. Klock, H. V. Beitzner. In the centre is shown the staff in charge, being, left to right: Dr. J. H. MacMillan, Mrs. J. H. MacMillan, in charge of the kitchen; Dr. A. F. McIntyre, Miss Marion Pettit, nurse

in charge, and Dr. Benson Rogers. At the bottom is seen the presentation of a mobile clinic from representatives of the White Elephant Shop, responsible for raising the funds. The group, left to right: Miss Ann Crane, Driver Mrs. G. A. Harris, Russell T. Kelley, of Hamilton, who accepted the gift on behalf of the Red Cross blood donors' clinic; Mrs. G. D. Wade, Mrs. Gordon Sinclair, Mrs. Nellie Rutherford, Mrs. W. R. Boehm and Mrs. Benson Rogers.

START NEW FACTORY

CONFESSES BOND STEAL

Wilfred Shearer of Hamilton Admits in St. Catharines Court That He Participated in Robbery at Hewson Basket Factory.

PLEADED GUILTY

Given Three Years in Kingston Penitentiary, One Year Definite in Ontario Reformatory — Faced Other Charges.

Appearing in Magistrate J. H. Campbell's court in St. Catharines on Tuesday, Joseph Shearer, 32 years, of Hamilton, admitted that he had a long police record dating back to 1930 and that he also had participated in the break-in at the Hewson and Son basket factory on the night of May 18th, when over \$5,000 in bonds, cash, and war savings certificates were stolen from a safe that had been cracked open.

The court was informed that a number of the bonds had been sold and that others had been burned. Some of the bonds have been recovered and Arthur Horowitz was in Toronto yesterday afternoon attending a court case where a man named Horowitz was being charged with being in possession of the bonds, knowing them to have been stolen.

Shearer was also charged with Wilfred Swick, 26, also of Hamilton, with a series of robberies at different points in the district. They both pleaded guilty and were sentenced to three years in the Kingston penitentiary one year definite and one month indefinite in M.P.P. will receive the nomination.

Convention Dates

Lions' Progressive Conservatives have set the date of their convention for Wednesday night, July 7. The list of speakers will be announced later. It is stated that candidates for the nomination will include ex-Warden Richard Morley of Clinton Township and Ronaline Ross, K.C., of St. Catharines. The convention will be held in the Community hall, Beamsville.

Lincoln County Liberal Association will hold a convention in Beamsville on Friday, July 8th. Hon. Harry Nixon and Hon. Eric Cross will be the speakers. It is expected that Archie Haines, ex-M.P.P. will receive the nomination.

To All Points Of The Compass

There is a Growing Realization That Vast New Aerial Tradeways Will Criss-Cross The Skies of The World After The War.

MONSTER PLANES

Aeronautical Engineers Visualize Aircraft With 42 Engines, Totaling 36,000 H.P., Carrying 450 Tons of Freight Which is Equal to 30 Railway Cars.

Last winter The Independent was putting forth the argument, that it was only a mere matter of time, after the war was over, that Grimsby Peaches and other fruits would be flown to all the important markets of the world by airship.

Many people gave Ye Old the "horse laugh" and openly proclaimed that such thing was impossible. There were also a great many people who were inclined to believe that our argument was right, but thought it would take a long period of time before it could be accomplished.

Even members of the R. C. A. F. who had been working around planes, then, for two or more years, were sceptical.

Here is proof that The Independent for once in its long life, knew just what it was talking about. As soon as this war is over the people in all foreign countries will be able to eat Grimsby fruits, from strawberries to apples. Read what a writer in The Financial Post, has to say on this subject.

By RONALD A. KEITH

There are indications that the bring promise of postwar Airtime is in the forefront of peace-time speculations and plans in the

Fast Freight Is Derailed

Broken Axle Causes Tie-up of Main Line at Grimsby Station — Car Rolls Down Embankment.

The derailment of three cars in a fast westbound C. N. R. freight train just east of the Grimsby station, shortly after 9 o'clock Thursday night, blocked both east and west lines throughout the night.

A broken axle is believed to have caused the derailment of the 30th car in the train, a heavily loaded box car. The car behind this one, an empty coal car, broke loose from the train and landed upside down at the foot of a 25-foot embankment near Robinson street north.

One truck of the next car left the rails. Considerable damage was

(Continued on page 6)

Ontario Crops Below Average

The Ontario department of agriculture on Saturday reported that the province's commercial fruit and vegetable crops appeared to be below average.

In Western Ontario, the report continued, continued rainfall with cool, cloudy weather caused "heavy mortality" particularly to peaches and cherries in the Niagara and Burlington areas.

Crop prospects in western districts for apples, cherries and pears were reported below average with peaches "dennitely below average." Plum prospects were said to be "irregular" while strawberries and raspberries were expected to be average.

"Harvesting of all vegetable crops in Western Ontario will be considerably later than last year, and, with the exception of beets and carrots, the condition of most

COOLEST SPOT IN DISTRICT

New Locker Room at Pre-Cooler Kept at a Temperature of From One to Five Below Zero at All Seasons of The Year.

400 LOCKERS

New System Recently Installed is a Great Improvement Over The Old Shelf System — Each Locker is an Individual Storage Unit.

A vast improvement has recently been made by the Growers Cold Storage and Ice Co. Ltd at their Livingston avenue plant, by the installation of the very latest type of storage locker.

These lockers are for the use of residents who wish to store meats, fruits, vegetables and other commodities. Shafer Bros. constructed the lockers which are five tier high and each one is a storage unit unto itself.

Users of the lockers provide their own lock and key and can come and go for their goods as they please, without having to bother looking for any of the storage plant staff.

Built in two sizes the lockers are capable of handling a considerable quantity of foodstuffs. The large size is five and one-half cubic feet and is capable of storing 200 pounds of meat; 90 quart jars of fruit and other types of goods in

Should Consider The Fruit Belt

N. J. M. Lockhart, M.P. Brings Canning Sugar Distribution Up in The House — Asks Larger Allotment For Lincoln.

N. J. M. Lockhart (Prog. Con. Lincoln) said some further consideration should be given to fruit-producing areas in respect to additional supplies of sugar for canning purposes.

Mr. Lockhart said that a return tabled yesterday in the House indicated that residents of Westmount, Que., had received up to 13 pounds of sugar for canning purposes, a larger amount than was available to persons in his own fruit-growing district.

Producers there felt fruit would ripen quickly, and it might not be possible to ship it as far as Mon-

Cigarette Fund Money Collectors

Yellow Boxes Are Replaced With Attractive Glass Jars Mounted on Red Base.

The little yellow money boxes, for the Cigarette Fund, that have been a familiar sight on store counters in Grimsby for many months now, have been thrown in the discard.

In their place has come a nice, shiny glass jar imbedded in a bright red wooden base and along side is a carved plaque, bearing in white letters on a blue background the words: "Cigarette Fund — For Our Local Boys Overseas — Grimsby Chamber of Commerce."

The new money receptacles make a fine showing and it is hoped that all the work that "Casey" Baxter and Vic Cation put in making them will not be in vain, but that "Cammy" Bilyard will get round shouldered collecting the old nickels, dimes and quarters from them.

Facts And Fancies

Frank Fairborn, Jr.

BLASTING NIXON

A full page advertisement by the Nixon government, plainly a pre-election dodge and a fake at that invites the wrath of the Toronto morning newspaper today. The advertisement announces that farmers, fishermen, guides and tourist outfitters, will secure "marked gasoline free from the Ontario tax at the time of purchase." The fact is, they have always had this gasoline free from provincial tax, but have had to apply for a refund. By a change in the act at the last session of the Legislature, the marked gasoline is made free of tax at time of and not after the purchase. So the advertisement is bare-faced in its audacity to mislead.

The Globe and Mail concludes its indictment with the following:

Appearing in all the daily newspapers and in the Ontario weekly newspapers, that advertisement will cost Mr. and Mrs. Taxpayer \$20,000 at a conservative estimate. Twenty thousand dollars taken from the people of Ontario, who are curtailing their mode of living in order to pay taxes for the winning of the war. Ontario too collects taxes, but instead of using the money for necessary services the Nixon Government spends it on full-page advertisements for the purpose of preserving the party in office.

It is also an attempt to swerve the newspapers into support of Mr. Nixon's government, the call boy for the Ottawa Junta. Support will not be bought this way. That is so particularly the weekly editors. Those men know what Mr. Nixon is attempting, and will attempt in the future. They are not selling out their right of criticism for advertising. Censorship at Ottawa and pop from provincial funds will not save Mr. Nixon from the wrath of outraged people.

The farmers as a class are, and have been, the most neglected group. To try to fool them into thinking something is being done for them, when nothing is, is pouring salt on raw wounds.

As a matter of fact, Premier Nixon is only following the precedent established by his illustrious predecessor, M. F. Hepburn, who brazenly, on the eve of the 1937 election, knocked five dollars off the motor car tax. And that made thousands of votes for the Hepburn government, of which Mr. Nixon was a Cabinet member. However, isn't the Toronto morning newspaper rather unkind in referring to Mr. Nixon as "call boy for the Ottawa junta"?

KITCHEN REVOLUTION

The food shortages and rationing may combine to make Canadians feel they are on a wartime basis, but this is only partially true. To be fully cooperative in helping the farm save the land from famine, Canadian housewives will have to learn there are foods expensive in terms of labor, no less than in money.

For many years the housewife has been urged to find many of her food values in dairy products, meats, eggs, and vegetables that require many more hours to produce and handle. The switch must now be made to find these nutritional factors in easily grown cereals and potatoes, with mixed-in proteins from fresh vegetables, such as soya-bean flour.

Well-balanced meals, replete with essential values, can be prepared from foods cheaper in terms of labor. The stringencies of housewives in these directions.

The Government, the newspapers, and other agencies must co-operate in presenting accurate information on this subject, for it actually means a revolution in most of the kitchens of Canada. Many of the eating habits and favored recipes of a generation must be set aside.

Special care and thought might well be given to kitchen suggestions that will retain

for women much of the freedom from long hours over sink and range that they have gained in recent years. Already some are learning that many fruits and vegetables require little or no cooking or preparation before going on the table.

THE FABLE OF GOEBBELS

Herr Goebbels had wangled his way into heaven and soon grew pretty bored with all the peace and quiet. One day he found a book called "Inside Hades" at the celestial Womrath's, and learned that his old cronies, Hitler, Goering, Ribbentrop, et al, were having a mighty fine time down below. Their life was a succession of parades, triumphs, champagne and beautiful ladies.

That settled everything for Goebbels. He removed his golden halo, sneaked up behind St. Peter and let him have it. Of course he was promptly banished to hell. No sooner had he arrived there, however, than he was seized by the scuff of the neck and deposited in a vat of burning oil. Aflame and in torment, he rushed to the devil and screamed "How can you do this to me when all my old pals are down here living on the fat of the land?"

The devil looked perplexed for a moment, and then threw back his head and howled with laughter. "You don't mean to tell me that an old hand like you fell for that cheap propaganda."

VACATIONS—BUT NOT AS USUAL

It won't be vacations as usual this year. There won't be the customary motor trips or the train journeys of other times.

Yet vacations are just as important today as ever—perhaps more important. Busy war workers need respite from the drive of their jobs. Everyone is stepping along at double-quick time, whatever his work, and a pause for normal rest and recreation is the sensible thing.

People went on vacations before the days of the automobile. There are things to do and places to go without a car—or even a train. It takes a little more planning to work them out, and a little more effort to get there, that's all. But no one need feel discouraged. It's quite possible that Canadians may make new discoveries in their own home territory. They may find staying-put an enjoyable novelty.

Some have already spent their vacations Victory Gardening in the backyard, and found the new experience not unpleasant. There are mountain trails for some of those who hike and who have mountains at hand, and bicycle tours for those who are fortunate enough to have a wheel. Fun isn't something at the end of the rainbow. Vacations aren't mileage contests, and this year offers just as many opportunities for enjoyment as ever. They're just different—that's all.

HOW OLD IS ANNE?

The village doctor and lawyer were spending a convivial evening with the economist from the big city and eventually the discussion came round to which represented the oldest profession.

"Well!" said the doctor. "Eve was made from Adam's rib. That makes the medical profession the oldest on record."

"Not at all," said the lawyer. "Before Adam—if you will search the record—order was created out of chaos. To get order there had to be law and that makes my honorable profession the oldest."

"Hell," interrupted the economist. "Who do you think created the church?"

Away Back When

Frank Fairborn, Jr.

And then there are the bells of Shandon; and the bell that a self-adulatory nation is pleased to call the Liberty Bell; cow bells; dinner bells; door bells; and one time there was a curfew bell.

Grimsby had a curfew bell once. And we might it did not ring. Just why I do not know because I was not here when the edict was issued. Bob Tait was the first to toll the curfew bell later "Dick" Shannon and the kids skinned for fun at 2PM.

As early as March, 1879, the two committees of the Village council, H. J. Palmer and E. N. Palmer presented a report to the council in which a proper fire alarm at the request of the fire department was proposed.

For over sixty years the residents of the Grimsby District have oft time listened for a ring of the "town bell" to set their clocks or make sure that the clock was right. Some time ago the first of June, 1883 the staff employed at "the foundry" was busied putting this bell in position on the top of the agricultural works erected in 1879. John H. Grout & Co.

In the early morning of June 29, 1879 the founders of John H. Grout & Sons turned out and Dec.

THE GRIMSBY INDEPENDENT

Thursday, July 1st, 1943.

the roofship and was defeated and we hear no more of the bell until Feb. 13, 1883, when W. F. Clarke and S. Oakley moved that the fire committee be instructed to arrange for some kind of temporary fire alarm to be placed on present engine house and report for approval.

Most of the confab must have been held on the street for we read no more until June 11, 1882, when the council received a report from the fire committee "that they had procured a bell and placed it on the agricultural works of John H. Grout & Co. at a total cost of \$237.50," and W. F. Clarke and S. R. Nelles moved that the report be adopted.

The members of the council that year were John H. Grout, reeve, C. J. Bates, E. R. Nelles, S. Oakley and Wm. F. Clarke. The members of the fire committee were Clarke and Nelles.

Along about this time there were several "strong men" in Grimsby and the weight of the bell and who could lift one side of it were features of the day for about a week. The bell had been brought to the shipping room of the Grout & Co. foundry and one noon hour, while it was still on the ground floor an argument arose as to who could lift one side of it. The late Matthias Durham tackled it and made good. Richard Johnson looked at the bell a moment and in his genial unassuming way, stepped up, and up came the bell. His brother "Jim" was a brawny young fellow those days and did not like to be outside yet hesitated. When the foundry crew had drifted to their various departments James Johnson and one or two others lingered a few moments and "Jim" tilted the bell up quite handily.

On June 14 it was moved by Wm. Forbes, seconded by Dr. W. E. Millward, that leave be granted to introduce forthwith a by-law to provide for the purchase of a village bell inasmuch as the funds for the year will not permit of such purchase. But on Dec. 13 Mr. Forbes and Dr. Millward again brought their child to front and it was read a second and third time and passed. The motion reads that "the substance of the by-law be entered in the minutes for publication," but the minute book fails to reveal the content of the by-law.

Incidentally it might here be mentioned that the board of works spent the tremendous sum of \$365.73 for the year and the tax rate was 12 mills exclusive of statute labor which I think at that time was computed at 60 cents a day.

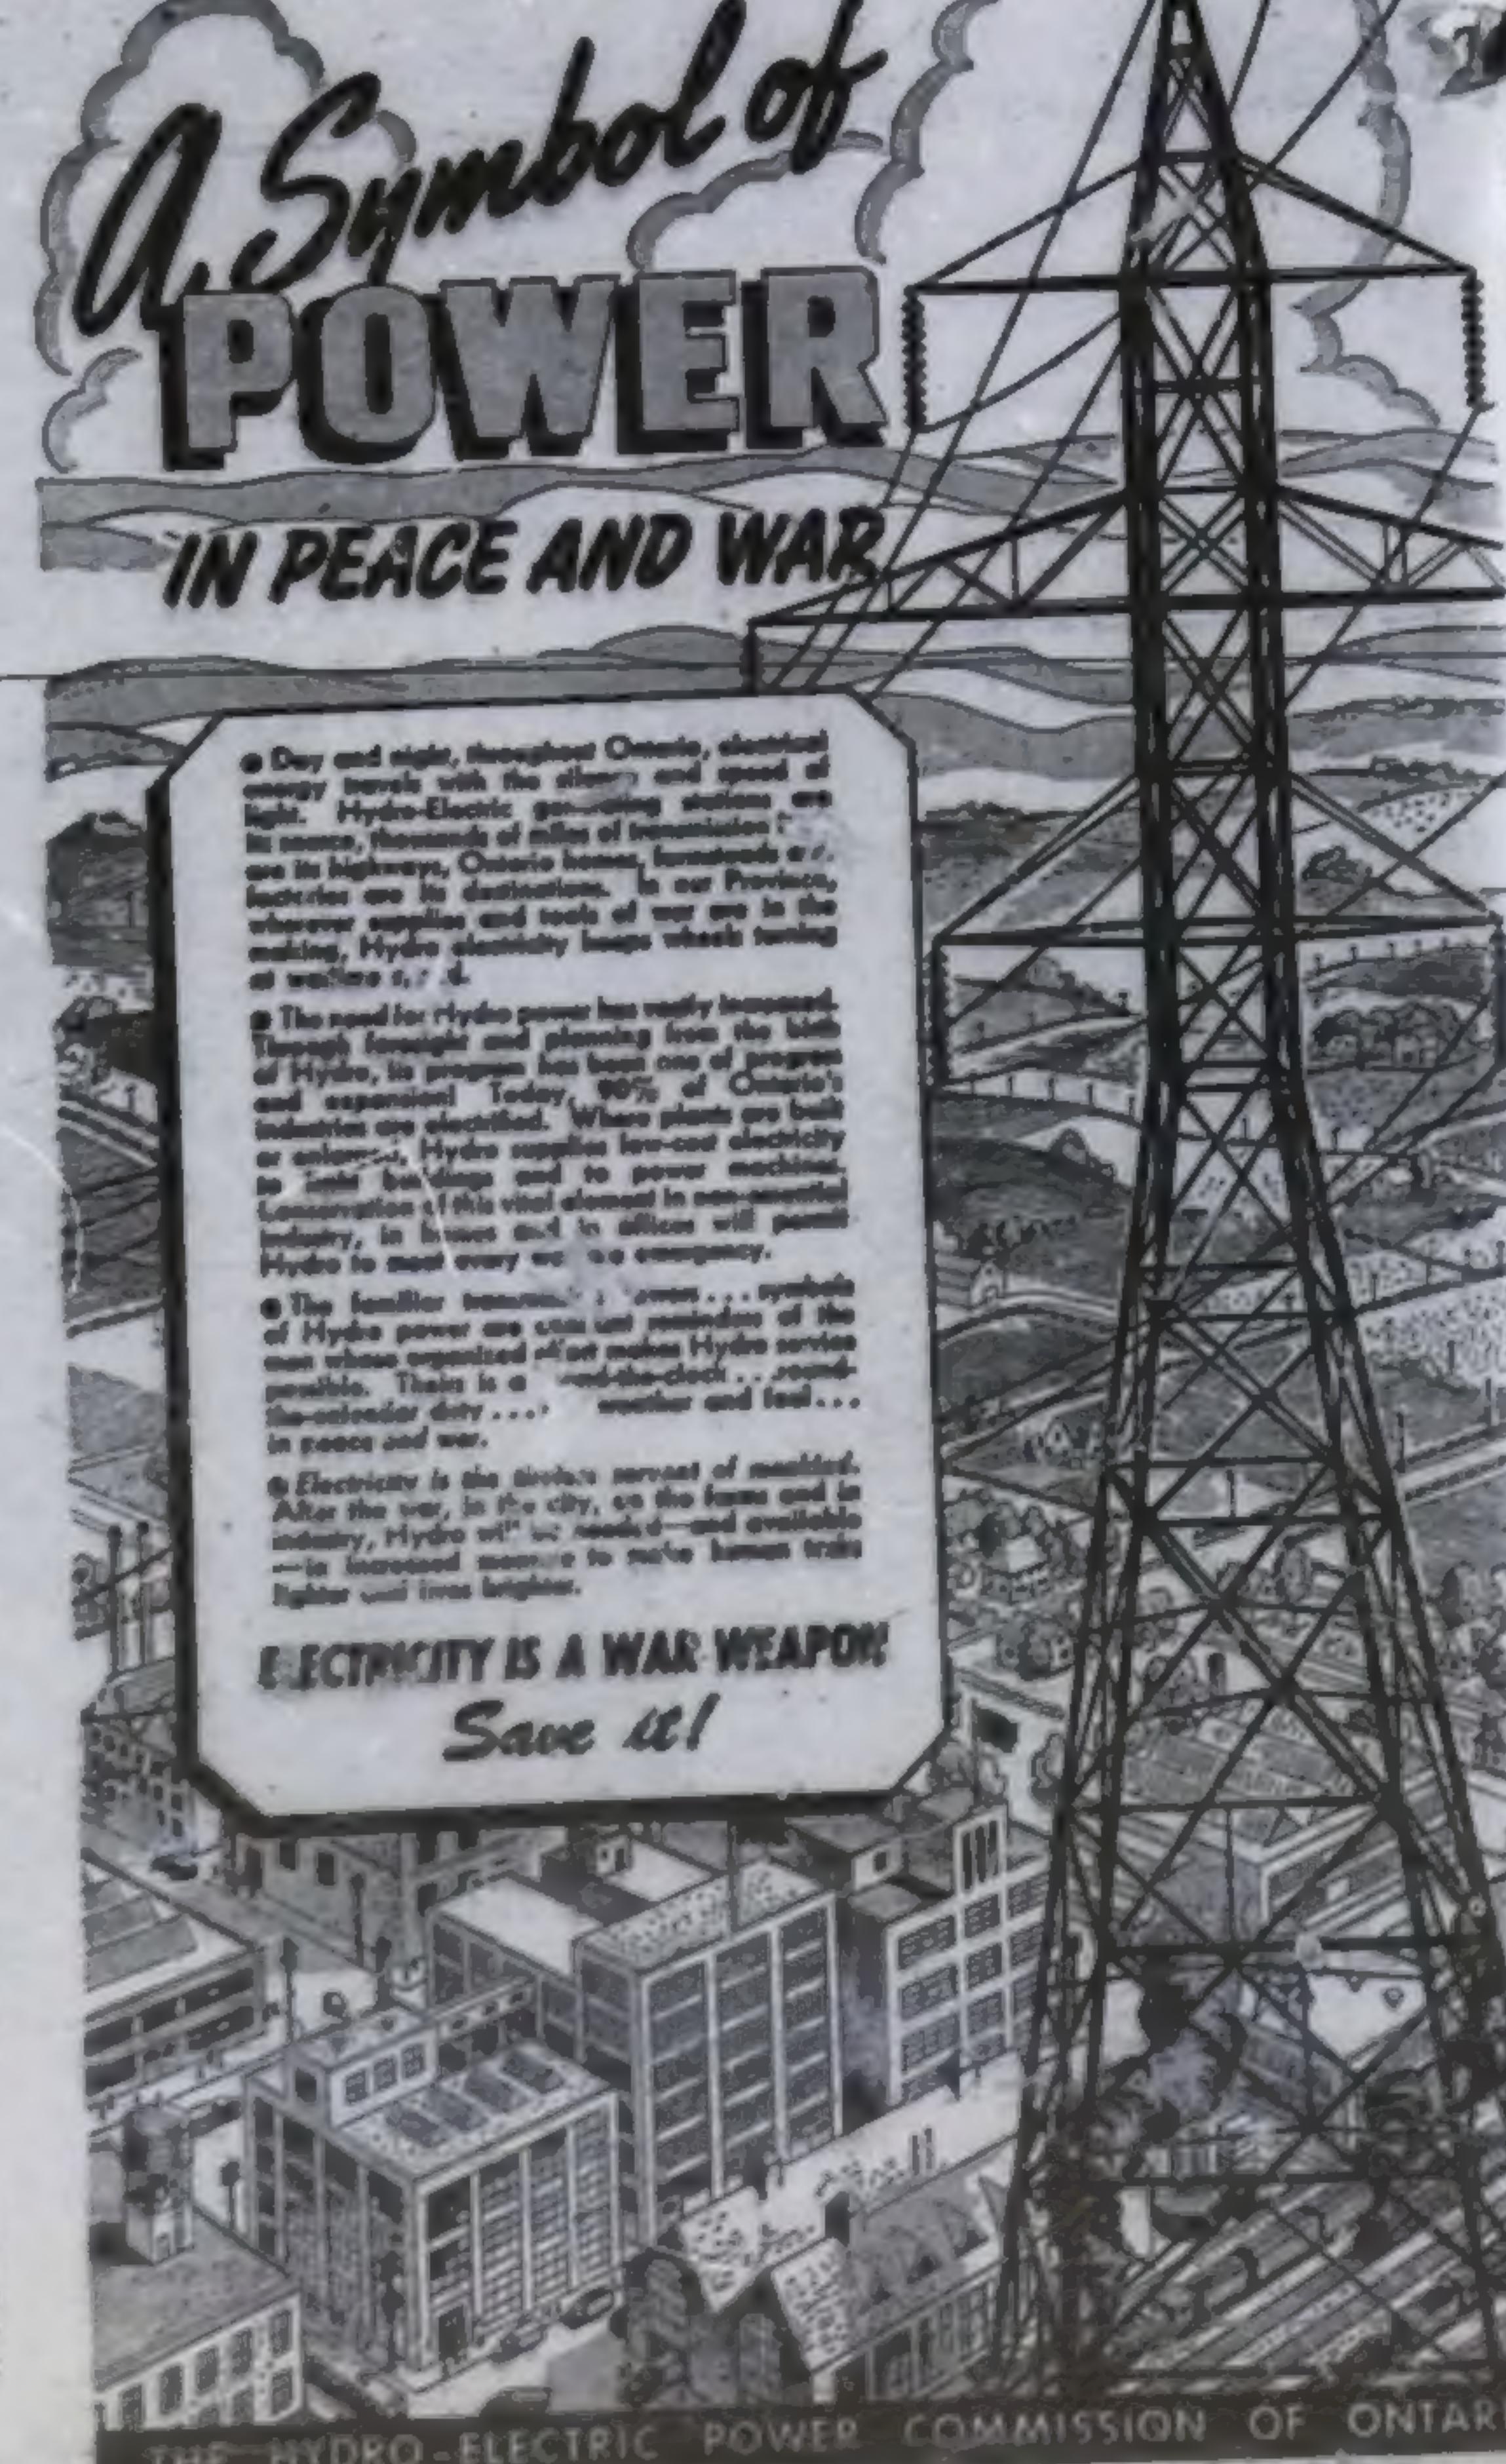

But the bell by-law must have got lost or perhaps the Doctor chloroformed it. He refused to run for council the next year and next we read of a bell in when on July 25, 1881, Wm. Forbes gave notice "that he would introduce a by-law, if the funds permitted, for the purchase of a village bell."

On Sept. 5, 1881, Wm. Forbes and C. J. Bates moved that \$40.00 be placed to the credit of the fire committee to join with John H. Grout & Co. to sink a well on Grout property on Main street. The pump in this well stood almost in the same spot as the gasoline pumps now used by Cities Service Station.

At the end of 1881 Forbes ran against Grout for

Always appreciating a good joke the late James Brodie put one over, unintentionally on himself. Mr. Brodie was principal of the public school but before and after school and on Saturdays did special work in the foundry. One Saturday he came into the machine shop just at eleven o'clock and mistaking the hour for twelve thought "Nels" was busy and had overlooked the bell. He waited a moment and then started to ring the bell. It created quite a furor for a few minutes but Grimsby was forgiving community and the women "who were scared that dinner was late soon forgot the incident. (How many of you remember it?)

Now do not let us hear any more arguments about what the bell cost nor who paid for it. It is a "C" tone (the one at the Beach is "B") and all you need to do now is to guess the weight.

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO

THE THIRD PAGE

IN WHICH THE WOMAN-NEXT-DOOR LOOKS A' US, AT OUR TOWN, AND OCCASIONALLY AT THE WORLD

Lord of the lands,
Beneath Thy bending skies,
On field and flood.
Where'er our banner flies,
Thy people lift their hearts to Thee,
Their grateful voices raise,
May our Dominion ever be
A temple to Thy praise.
They will alone let all enthroned;
Lord of the land, make Canada Thine own.

Our Canada

Canada must be more than a land of far-stretching distances, wealthy in forests and mines and streams and agriculture and trade. It must be a land of homes where under wholesome and Godly influences are trained future generations, whose controlling ambition shall be to keep this glorious Dominion united by one dominating aim—service.

Canada will be great, according to the greatness of her people. She must rise to the conception not of expansion only, but of service. Canada's nationhood will best show itself by service to the nations. Happy Canada when her people can honestly say with Stanley Baldwin: "I have but one idea, which was an idea that I inherited, and it was the idea of service—service to the people of this country. All my life I believed from my heart the words of Browning, 'All service ranks the same with God.' It makes very little difference whether a man is driving a tramcar or sweeping streets, or being Prime Minister, if he only brings to that service everything that is in him and performs it for the sake of mankind."—Borrowed and condensed.

Seventy-Five Years Of Union

Let us once more recall reverently those purposeful men of Canada who created a Dominion out of four diverse provinces.

Although Upper and Lower Canada and the Maritimes had been playing with the idea of union for years, it was really the American Civil War that brought matters to a head. Owing to the unassimilable attitude of the United States Government, Canada was in danger of invasion at the close of the Civil War by the hordes of soldiers reluctant to put down their arms and get back to everyday life. Probably there was precious little everyday life left to get back to, a usual immediate result of war. In the Fenian Raids which grew out of the Civil War, Canada was attacked in several widely separated parts of the country, and the people roused to wrath by this impudent and inexcusable breach of their borders put the invaders unceremoniously out the same way they came in.

The idea of Confederation was definitely "sold" to the people of what was soon to be the Dominion by the need of common action against a common foe, actual or prospective. Even the die-hard Scots of the Maritimes finally gave in, realizing that union was the one safeguard against annexation.

From Windsor Castle on May 22nd, 1867, Queen Victoria ratified the new constitution embodied in the British North America Act, uniting Upper and Lower Canada, Nova Scotia and New Brunswick; and July 1st, 1867, the Dominion of Canada was inaugurated.

Prince Edward Island did not enter the confederation until 1873.

Sweet Days And Roses

The roses this year seemed to burst into bloom all at once. One day there were only small buds; the next, every bush was full blown. Several of the newer varieties, planted within the last year or two, came through the long winter but poorly; others failed to negotiate the difficult season and the garden will know them no more. The old stand-by remain, General MacArthur, Mrs. John Laing, Frau Karl Druschki, Etoile de Hollande, and all the garden with colour and fragrance. The rose remains the garden favourite in spite of the never-ending battle to keep down insect pests and viruses.

Many people find roses hard to arrange as indoor decorations, so here are a few ideas we have collected on the subject. Almost any kind of container will do that will not clash with or detract from the flowers, and subject to the variety and quantity of roses to be used. Avoid the top-heavy effect of too many roses in a small container and too few or too short in a large one. A wire or frog holder should be used, for roses are heavy and apt to topple if not firmly anchored.

The roses should be cut, with long stems, early in the morning with the dew on them, and plunged into water up to their necks in a cool place for several hours. They should be in different stages of development.

Take the small buds and tie them securely, so the string will be near the rim of the container. Follow the same procedure with the next in size, cutting the stems so as to vary the height of the groupings. Only two or three full blown roses should be used, and these can be easily replaced when the petals begin to drop.

The rose is jealous of her reputation as Queen of flowers and would rather die (and often does), than have other flowers or foliage with which she has no affinity placed with her.

Brighten Up Your Garden

Quite a number of our native wild plants do well in the perennial border and are very worth while. Our big hint is that we try to move them when they are in full bloom and in active growth. Would we

treat our garden perennials in this way? We should go hunting early in the spring and get them while they are dormant. And, of course, plant them the way the like to grow, in shady, or damp, or sunny places.

Our lively Hepatica does well in a sheltered place, and likes a little protection in winter. Bloodroot, with its pure white flowers can be grown in the same border but near the frost. The foliage of both is handsome long after the blooming season.

Ontario's floral emblem, the white trillium, blooms early, and being a child of the woods, likes a little shade. Purple trillium is effective in the garden too. The foliage is decorative in early summer, and dies down later to make way for other plants.

Ground Phlox is a delightful little plant, but in its wild state does not grow in the Grimsby district; at least we have not seen it here.

Meadow Rue planted in rich moist soil is a beautiful plant with its feathery foliage and white flowers. One of our showiest native perennials is Orange Milkweed. It is a hardy and vigorous plant, with bright orange flowers in July, and is most effective planted in clumps. It does well in dry soils. The Swamp Milkweed has large corymbs of rose-purple flowers and grows about three feet high. It prefers a damp location.

There are three native lilies which are becoming popular. The best known is Turk's Cap; it grows tall and has from 10 to 20 flowers on a stem. The colour is orange to orange-crimson, spotted with dark purple inside. Lilium canadensis is slightly different; it is most commonly golden yellow with spots inside. Don't plant in a lime soil, and do provide good drainage for these lilies.

Don't forget our graceful Goldenrod. Its great plumes of intense yellow will brighten the fall days and add much attraction to the border. Goldenrod immediately suggests wild asters, which make fine subjects for the garden.

This will do for a start. There are dozens of other fine plants that can be borrowed from woods and wayside to beautify the home garden.

My Neighbour's Roses Are Also Mine

The roses red upon my neighbour's vine
Are owned by him, but they are also mine;
His was the cost, and his the labour, too,
But mine as well as his the joy, their loveliness to view.

They bloom for me, and are for me as fair
As for the man who gives them all his care.
Thus I am rich, because a good man grew
A rose-clad vine for all his neighbours' view.

I know from this that others plant for me.

And what they own, my joy may also be;
So why be selfish, when so much that's fine
Is grown for you, upon your neighbour's vine?

—Abraham Gruber.

Perhaps we could
get home if they

Sunday School Lesson

SUNDAY, JULY 4th, 1942

A People In Distress

Exodus 12:5-14.

An Introduction to the Lesson
In choosing Israel from among the nations to be a special people unto Himself, God had in view the blessing of the whole world. Moreover, in His dealings with that nation the whole world was on trial. To Israel He revealed Himself and made known His will, as He had done to no other people. If they, the most favored people, and under God's most favorable circumstances, failed then it became evident that there was no possibility that any people could or would of themselves prove obedient to His law. Their failure to obey demonstrated the sinfulness of all the world.

The Heart of the Lesson

God separated Israel to Himself, that from them might come the Redeemer who was to deliver fallen humanity, and bring the world at last into loving subjection to Himself. This has not yet been fully accomplished. When their Messiah came, they did not recognise Him and so, with the Gentiles, crucified Him, Acts 3:14-17. Because of this, they have been scattered among the nations and have suffered as no nation has ever suffered. But in a coming day they will return to the Lord in penitence of heart and bow in contrition at His feet, and will be taken up again in Grace and be a blessing to the whole world.

Application

We sometimes become so disengaged by the trials of the way, that we even forget the promises of God. It was so with Israel, but we are told that, "He remembered for them His Covenant". He never forgot. We need to trust Him more implicitly.

CANNING COUPONS VALID
TILL SEPT.

Canning sugar coupons marked June are valid until September 30 as are all other canned sugar coupons. It is pointed out by War-time Prices and Trade Board. Many dealers report a rush of consumers to spend the June coupons, leading to the conclusion that consumers are under the impression that these must be cashed before the end of the month. This is not the case. Consumers are advised to save enough coupons to look after their canning requirements later in the summer.

"Jerry's getting
'ell to-night"

THE WATCHERS on the cliffs
cheer their going and coming as—
night after night—R.C.A.F. bombers
deliver shattering blows.

Canadian attack teams are famous for their skill and daring. As raw recruits, they entered R.C.A.F. Training Schools. They emerged within a few happy and exciting months as trained specialists—clear-eyed and competent.

Every member of a bomber crew is an expert at his own job, yet at the same time part of a closely-knit, smooth-working team. Happily, too, the air training and technical knowledge possessed by these fighting comrades of the skies will open up golden opportunities to them later in civil life.

SOCIAL AND PERSONAL

Fire Chief LoPage was a visitor to Toronto this week.

Miss Donna Clarke, manageress of the A. & P. store is on two weeks' vacation.

C. T. and Mrs. Farrell have returned after their holiday in Trenton, Ontario.

A.C. 2 Charles Tweney, St. Thomas, spent the weekend at his home, 7 Fairview Avenue.

R. C. Bourne and family have moved into their new home at the corner of Neilia Boulevard and Main street west.

Ronald McBride, Toronto, is spending a week's holiday at the home of his parents, Mr. and Mrs. Gordon McBride, Adelaide St.

L.A.W. Margaret Hoshal, R.C.A.F. station, Mountain View, and L/C Jack Hoshal, Brantford, spent the weekend at their home here.

L.A.C. J. E. Linklater, R.C.A.F., well known in Grimsby as a former teller in The Royal Bank, has been promoted to the rank of Corporal.

Mrs. William Ayers, a former well-known Beamsville resident, now of Toronto, will celebrate her 16th birthday on Friday, July 2.

Tyr. Jack Tuftord has returned to Camp Borden after spending his furlough with his wife and son, Robert, at their home on Paton St.

Dr. and Mrs. Shortt and family of Acton, Charles and Mrs. Teeter, Niagara Falls, N.Y., spent Sunday with James and Mrs. Gowland, Oak street.

Charles Burgess who has been confined to his home with illness for the past three months is able to be out and around again, but it will be some time yet before he has totally regained his strength.

P.O. George D. Watt, who received his wings at Moncton, N.B., last Friday, is spending nine days' leave with his parents, Rev. W. J. and Mrs. Watt, en route to Flying Instruction School, Pearce, Alberta.

Guests at the Village Inn this week are Mr. and Mrs. John A. Henry and Mr. Albert M. Henry, Beverley Hills, California; Clyde Teasdale, Dartmouth, N.S.; Miss Margaret Hughes, of Portland, Oregon.

Miss Esther Charles, Park Road, Grimsby Beach, has just returned from New York where she was called to attend a farewell given in honor of her brother, Sgt. Edwin Arthur Charles (popularly known to us all as Bill), who has left for active duty in the signal corp. U.S. Army. "Bill" is a son of Dr. and Mrs. Charles, and previous to enlistment was a sports' writer on the Newark (N.J.) News.

George Evoy, of the E. D. H. firm, Ottawa, is a business visitor in town this week.

Carlton Flegg, of Toronto, is spending the summer with Mr. and Mrs. C. J. Emm, Elizabeth street.

Carl and Mrs. Carl King have moved to Toronto to reside. Mr. King next year will teach in Toronto.

Mrs. E. Hyland and son, Ronnie, St. Catharines were visitors of Mrs. Gordon McBride, Adelaide street, on Tuesday.

Mrs. R. H. Hughes, who has sold her home on the Highway has moved into an apartment in the Stephens block for the present.

Mr. and Mrs. Arthur N. Norton, Mrs. Alex Gillepie, and Miss Doris McBride attended the Simpson-Norton wedding in Hamilton on Saturday.

Miss Edith Stuart, Grimsby Beach, nurse in training at Hamilton General Hospital, is spending Dominion Day at her home, Grimsby Beach.

Mr. and Mrs. Walter Haslam, and son, Dennis, Kirkland Lake, are spending the summer with Mrs. Haslam's mother, Mrs. Gordon Haslam, Paton street.

Mr. and Mrs. W. J. Carson, Thin Mountain, have just received word that their son Irving stationed in Eastern Canada has recently been promoted to the rank of Flight-Lieutenant.

Mrs. Archie Turner, Ottawa, spent the weekend with her daughter Mrs. George Doucett. She was accompanied back to the Capital City by her grandson Ritchie, who will spend part of his holidays with his grandparents.

Mr. and Mrs. London Danison of Toronto, were guests last week of Mr. and Mrs. Reg. Newberry at St. Thomas, Ontario. They also visited Port Stanley and London, Ontario, attending morning services at St. Paul's Anglican Cathedral, London, and visiting the homes of Roy A. Bingle, C.A., and Lt.-Col. Hamilton Bingle, both at London.

New arrivals of Grimsby Beach visitors include: Mr. and Mrs. R. McGregor, Mr. and Mrs. Albert Waite, Mr. and Mrs. Frank Seaton, Mr. and Mrs. Earl Ward, Mr. and Mrs. Harold Denison, all of Hamilton; Dr. and Mrs. A. R. Woods and family, Mr. and Mrs. Stewart Philip and family, all of Dundas; Mr. and Mrs. George Lindsey, Mr. and Mrs. Bernard Donovan, Mr. and Mrs. Lloyd Price and family, Mr. and Mrs. Gordon Billinghurst, Mr. and Mrs. Arthur Bowden, Mr. and Mrs. John Storr, Miss Mary McClelland, all of Toronto; Mr. and Mrs. Wallace Fanter, Dr. and Mrs. Carmen Freeman and Miss Elinor Freeman, all of Beamsville.

Mrs. F. Coagre, Toronto, is spending a week with Mrs. J. M. Metcalfe, Main West.

Mrs. Bertha Armstrong, Washington, D.C., is visiting at the home of Mr. and Mrs. W. G. Copeland, Elizabeth street.

Mrs. E. Sofley, Toronto, is spending a few days with the Misses Violet and Ethel Sofley, Springfield, Depot street.

The following are guests of Mr. Robert and Miss Evangeline Harvey, Karney Hill: Mrs. Fenton Ashmore, Toronto; Miss Edith McEwin and Miss Eleanor Malcolm, of Hamilton; Mr. and Mrs. Harold Aspinwall, Hamilton; Mrs. Jack Barrie (formerly Agnes Butcher, concert pianist of Hamilton, Toronto); and Miss Edith Thompson, Oxford N.E. Dr. Isabel Wood, Toronto, was a visitor on Tuesday.

Nuptials

SIMPSON—NORTON

While baskets of all white roses and standards and baskets of peonies and roses decked Delta United Church, Hamilton and the pews were marked with ribbons and flowers, for the wedding of Maxine Constance, daughter of Mr. and Mrs. Frederick W. Norton, 203 Balmoral avenue south, former Grimsby residents, to Mr. Stewart Brown Simpson, son of Mr. and Mrs. J. P. Simpson, 21 Belvoir avenue, which was solemnized Saturday afternoon at 4:30 o'clock. The ceremony was conducted by Rev. W. J. Preston. Mrs. Florence Blumer, the organist, played the wedding music, and Miss Lillian Young sang Because and Through the Years.

Given in marriage by her father, the bride wore a lovely white satin gown with lace yoke, sleeves and train, her long veil held by a coronet of pearls and net ruching. She also wore a locket which was worn by her great-grandmother at her wedding. Her bouquet was of white roses, houvarda, lilies of the valley and orchids.

Mrs. Melville Simpson was matron of honour and wore a blue cut sheer and carried a bouquet of sweet peas and roses. Miss Helen Ouellette and Mrs. H. J. Nichols were bridesmaids, gown in pink and green cut sheer, respectively. All the attendants' gowns were styled alike with bouffant skirts, and they carried bouquets of sweet peas and roses. Mr. Melville Simpson was best man and the usher was Mr. William W. Norton, brother of the bride, and Mr. Herbert J. Nichols.

The reception for 75 guests was held in the Round room of the Scottish Rite Club, and the bride's table was decorated with pink and white flowers and triple silver candlesticks, while on the guests' table were pink, blue and white roses and larkspur. Mrs. Norton, the bride's mother, received in a gown of delphinium blue cut sheer with feather hat and corsage bouquet of Richmond roses, and the mother of the groom, Mrs. Simpson, wore leaf green cut sheer with matching hat and corsage bouquet of Better Times roses.

The couple left on a wedding trip to Lumberlost Lodge, Muskoka, the bride travelling in a Mexican rose velveteen dressmaker suit with matching hat, beige accessories and corsage bouquet of Richmond roses. They will reside on Wexford Ave. south. The groom's gift to the bride was mink fur.

The bride is a niece of Arthur and Mrs. Norton, L. Gordon and Mr. McBride, Edwin and Mrs. Norton, and Mr. M. and Mrs. Stewart, of Grimsby.

Time Table Of
Ration Coupons

(Clip the cut end and keep available)

COFFEE or TEA—(Green)

BREVITIES

EVENTS and TOPICS of the WEEK in TABLOID

First of July—1943 is half gone.
Post Office will be open all day on Monday.

Lions Carnival next Thursday and Friday nights.

The Independent office will be closed on Monday.

The kids are happy. All district schools are closed for the summer holidays.

Beginning Saturday, July 3rd, the office of Vernon Tuck, Optometrist will be closed Saturdays at noon. Open Wednesday afternoons.

The new home of Burton Bentley on Main street west at Nelles Boulevard is rapidly nearing completion and will soon be ready for occupation.

The Bowaway closed for the season on Saturday night. On Tuesday Little George and Helen hid themselves away to the North country to sleep and fish for a month.

The foundation for the new home of F. Leslie Stewart, on St. Andrew's avenue is being taken out and work on the new home will be pushed forward as rapidly as possible.

Under the Factory Act of the Province of Ontario, it is illegal for a manufacturer to employ any person under the age of 14 years of age in a shop where machinery is operating. This does not apply to stores and offices.

Work on the new house being erected on Murray street by Rev. J. Allan Ballard is going forward rapidly. The foundation walls are in, the lower floor laid and brick work is being pushed forward. Schaefer Bros. have the contract.

Mrs. Mabel McCartney and daughter are taking the apartment being vacated in the Mansion Apartments by Carl and Mrs. King. Mrs. Col. Ramsey is moving into the apartment in the Elmslie duplex on Main street west being vacated by Mrs. McCartney.

Mr. C. J. "Chick" Turner, well known throughout this district as a hockey player, when he performed for Thorold Mountaineers, returned home from overseas on Tuesday, after being away since 1939. He was with the R.C.A. and a "buddy" of "Flip" Mochinski of Grimsby Beach.

The death occurred in Detroit, Mich. on June 13th of Mrs. W. F. Lewis (Maud Raymond), for many years a resident of Grimsby. At one time W. F. Lewis ran a flour mill in the property now occupied by A. Hewson and Son. He was also the first man to install and operate an electric light plant in Grimsby.

Convicted of selling potatoes between April 1 and May 25 in excess of the price maximum set by the Wartime Prices and Trade Board. John Hawko, aged 28, of North Vine street, St. Catharines, was fined \$200 and costs, or three months in the county jail. On a second charge of driving an auto while his operator's permit was under suspension, Hawko was fined \$50. or 21 days, the penalty in this charge being dated back over the three weeks he has been in custody.

Farmers should not pay any more for binder twine in 1943 than they did in 1941. That is what Dominion Department of Agriculture engineers say after studying the new price schedule on binder twine in lengths ranging from 650 feet down to 500 feet. Retail prices for 650, 500 and 550 foot lengths must not be higher than the price established for such lengths by each dealer in 1941. Retail prices on the new 500-foot lengths are limited to about the same proportion or mark-up as on other lengths.

St. Catharines Board of Park Management completed five years of operating the Garden City Arena by setting aside payments on two additional annual debenture instalments making 13 payments that have been provided for out of the 20-year debenture. In all, the board has set aside for the 13 debenture instalments a total of \$35,740, \$22,500 of which is principal and the balance interest. The next seven instalments which remain to be liquidated comprise \$14,000 in principal and a downward interest rate. E. H. Lancaster, K.C. is chairman of the Board.

Bank of Commerce will be open for business on Monday.

St. Catharines is the third most congested city in Canada

HOT NEWS! The Independent washed its windows this week.

Prizes to be drawn for at the Lions Carnival are now on display in store windows.

The new homes of Geo. West and Harold Gowland on Nelles Boulevard are nearing the finishing stages and should be ready for occupancy by the first of August.

There is a Victory Gardener in Grimsby who is boasting that he is going to have to have six foot poles for his beans to keep the pods from trailing on the ground.

The house owned by W. G. Copeland and occupied by Robert MacKie, 81 Paton St. was struck by lightning during the thunder storm on Monday afternoon. Little damage was done.

A minimum price of 15 cents per quart box, delivered at the manufacturer's plant, with crates returnable or supplied by the manufacturer, has been set for the Ontario strawberry crop by the Farm Products Control Board.

Thought to be one of the youngest regimental sergeants-majors in the Canadian army is R.M. Geo. E. Williams, 25. His parents, Mr. and Mrs. Walter Williams, of Winnipeg, have received word of his promotion to that rank overseas. He has been overseas for the last three years.

Clarence Lewis, Canadian Representative of the Hardie Sprayer Co. is home from his recent trip to the cattle country of Alberta. He did not bring any fat steers with him, but did bring back a big order for the large size Hardie sprayer. These machines will be used to spray the cattle for Warble Fly.

St. Catharines Standard says—A Lincoln County landscape gardener took a contract for some work at a local war plant, and he brought into the city a gang of Japs. When the discovery was made, didn't those Japs do a Guadalcanal in jigt time. And the air, too, was rather sulphurous as they were chased away.

Dogs are attacking cattle and farmers are hunting dogs in the St. Anne area. On Saturday evening St. Jacob Upper had one cow killed and another badly injured by dogs. Early Sunday morning one dog was killed by Harold Piper during an attack, and one dog was shot Friday evening after being snared by Alex Goncher. Farmers are still on the lookout for two dogs regarded as killers.

Meetings of the Institute will be continued as usual through the summer months, the next regular meeting being scheduled for July 20th, at the home of Mrs. W. Sangster, Elizabeth Street.

Mrs. Andrew Stevenson, the Branch's delegate to the Biennial conference of Federated Women's Institutes held recently at Royal York, Toronto, reported briefly. One million pounds of jam were sent from Canadian Institutes to Britain last year, and 70,000 parcels go overseas each week. Five miles of quilts were made and sent through the Red Cross for distribution in Britain in 1942.

At the conclusion of the business discussions, the picnic committee

took over and the members enjoyed several "sports" events.

Mrs. A. Stevenson was the winner of the newspaper race; Mrs. Ernest Tomson came first in the stepping race, and Mrs. Wm. Shelton won the egg race.

About thirty members sat down to a pot luck supper arranged on a prettily decorated long table on the lawn, the feast being topped off with ice cream and strawberries, a "treat" from the hostesses, Mrs. Randall and Mrs. Milne.

NON-FARMERS BARRED FROM BEEF RING

An important ruling has been issued by the ration administration of the Wartime Prices and Trade Board affecting non-farmers members of beef rings. The ruling provides that members of beef rings who are not bona fide farmers and do not slaughter livestock themselves, can no longer retain their membership in the beef rings as a means of getting their meat supplies.

This means that these non-members must now get their meat supplies in the ordinary way through regular butcher trade. They may continue to get meat from farmers only if the farmers are licensed as slaughterers for the regular meat trade.

POTATOES LEAD AGAIN IN PRICE VIOLATIONS

Violators of the potato price ceiling again led the list of 131 persons who were convicted of infractions against wartime orders and regulations during last week. Four retailers and three consumers were dealt fines ranging from \$300 to \$5 for breaches of rationing regulations. One Toronto restaurant proprietor was fined \$500 for making a false declaration regarding his stock of tea. Five Toronto men were sentenced to prison terms of from six months to four years for violation of gasoline rationing regulations.

PAINTING AND PAPERHANGING — W. Twocock, Mansion Apt. C, Phone 99W. 43-6p

INTERIOR PAINTING AND PAPERHANGING — A. J. Hayward, Phone collect 240, Beamsville.

BLENDOR TABLETS®. Harmless and effective. \$1.00, two weeks supply. At Dymond's Drug Store, 40-8p

Wednesday, August 4th, is the date that has been set for Ontario's not needed and unwanted election.

Grimsby merchants will observe Dominion Day on Monday next. All stores will be closed that day, but will be open all day on Wednesday.

Municipal officials and workmen are observing the holiday today and as a result there is no garbage collection in town. Garbage will be collected Friday and Saturday.

All Conservatives who attend the County Convention in Beamsville on Wednesday night next and who wish delegates' papers, can secure them after arrival at the Beamsville Community Hall.

Masonic Officers

The following officers were installed at Union Lodge, No. 1, A.F. & A.M., on Thursday night by John Firth and his team, composed of past masters of Hamilton Masonic lodges.

Past master, John Lewis; worshipful master, Robert C. Bourne; senior warden, Albert Jarvis; junior warden, W. M. Lawson; chaplain, A. B. Bourne; treasurer, C. T. Farrell; secretary, J. L. Dunham; director of ceremonies, David Cloughley; senior deacon, Vernon Tuck; junior deacon, Clarence McIninch; inner guard, H. V. Belzner; outer guard, Alfred Clark; senior steward, Lawrence Hyatt; junior steward, Donald Morton; assistant steward, K. C. Baxter. On behalf of Master Builders' Lodge, No. 911, of Kenmore, N.Y., a gavel was presented to the incoming master by Dr. Harold Brownlee. R. R. Treloar, of Hamilton, made a brief address.

Women's Institute

In a combined business meeting and picnic, members of Grimsby Women's Institute spent a happy afternoon in Fruitland last Tuesday, guests of Mrs. W. F. Randall and Mrs. C. K. Miller.

The Institute has been made a grant of \$25.00 from the Township of North Grimsby toward their Overseas Jam fund, and have received a similar amount through James A. Wray from the Salvage Committee.

Meetings of the Institute will be continued as usual through the summer months, the next regular meeting being scheduled for July 20th, at the home of Mrs. W. Sangster, Elizabeth Street.

Mrs. Andrew Stevenson, the Branch's delegate to the Biennial conference of Federated Women's Institutes held recently at Royal York, Toronto, reported briefly. One million pounds of jam were sent from Canadian Institutes to Britain last year, and 70,000 parcels go overseas each week. Five miles of quilts were made and sent through the Red Cross for distribution in Britain in 1942.

Within minutes of an enemy aerodrome's capture by the Allies, R.A.F. Servicing Commandos in North Africa have made it serviceable for Allied aircraft. These airmen are specially trained by Britain's Combined Operations Command to disembark from landing craft with full equipment and motor transport, to take precautions against booby traps left by the enemy and to carry out their work of clearing and defending captured enemy aerodromes under all conditions likely to be met with in the early stages of assault landing operations. They are of course fully trained in normal Royal Air Forces trade trades. Picture shows: R.A.F. Servicing Commando airmen preparing a fighter to take the air. This type of work was done within minutes of the occupation of Mers el Kébir, Algiers.

STORES CLOSED MONDAY, JULY 5th

By mutual agreement the retail merchants of Grimsby will close their stores and celebrate Dominion Day on Monday, July 5th, thus allowing the merchants and their clerks to enjoy the long weekend. Customers are asked to govern themselves accordingly.

<

Continuations From Page One

CONFESS BOND

The Ontario Reformatory, respectively.

Other charges faced by the pair included the theft of two tires on May 18 from Peter Unrein, Vineland, the breaking into of a refreshment booth in the same neighbourhood on May 18, and the breaking and entering of a service station near Vineland on the same day.

Shearer is to be taken to Hamilton to face a number of charges there.

FAST FREIGHT

gone to both east and westbound tracks by the wreckage. When the train stopped, one of the derailed cars was on Depot street crossing and motor traffic had to be delayed for several hours.

A wrecking crew from Hamilton cleared the lines and section men from St. Catharines and Merriton repaired the tracks. Seeing flames from a hot box as the train approached, the Depot street crossing watchman was signalling the engineer when the accident happened.

TOWN PROPERTY

Mrs. Nellie Thompson has purchased from the Grout Estate the K. N. Grout home at the corner of Mountain and Elm streets.

Town Clerk G. G. Bourne has purchased the Terryberry home at the corner of Mountain St. and Gibson Ave. which he has occupied for some years, from A. P. Henry.

Lieut. Harry Tregaskes has purchased the house and lot at 18 St. Andrews Ave. which he has been occupying from Shafer Bros.

Palmer Hill has sold his house and property on Main street west to Mr. Simpson of Toronto.

SHOULD CONSIDER

Treat before it spoils. If consideration could be given to a point 100 miles from the fruit area, it should also be granted to those who grow the fruit.

D. C. Abbott (Lib., Montreal—Antoine-Westmount), Parliamentary assistant to Finance Minister Tilley, said the 100,000,000 pounds allowed for all Canada worked out at about 11.06 pounds per applicant. In some districts, as in Westmount, the local ration boards allocated the amounts below 11.6 pounds as requested by the householders. This enabled them out of their quota to allow additional amounts to those who had sought more than 11.6 pounds, and also in Westmount to meet the requests of about 1,000 who applied for canning sugar late.

COOLEST SPOT

proportion. The smaller locker is 3.7 cubic feet and will store 125 pounds of meat; 60 quarts of fruit, etc.

A receiving room provided with a long table is next the locker room for use of the people with lockers, for them to pack and unpack goods, cut meat, etc.

Lockers on the floor level, while the same cubic measurement as the other lockers, are actually a box that can be pulled in and out and thus eliminate the necessity of getting down on hands and knees to get out what you want.

This new system is a great improvement over the old system of shelves where all goods were just piled up and carried tags or labels proving ownership. Also with the old system it was necessary that a storage man went with you to get your goods.

The new locker room is situated on the second floor at the north end of the building and is kept at a temperature of from one to five degrees below zero at all seasons of the year. The room is well lighted and presents a very smart, sanitary appearance as all the lockers are painted with white enamel, the locker number being in black. All told there are 400 lockers in this block and a number of them are still available for rental.

ONTARIO CROP

vegetables is below average to just average," the report stated.

In Eastern Ontario, crop prospects in some respects appeared worse than in other sections. The few peach trees in the area were reported dead while pears were expected to be below 50 per cent of last season and cherries only 30 to 35 per cent, and plums 40 per cent.

Prospects for the Eastern grape crop were said to be "poor." Raspberries were fair while strawberries were reported promising despite a small acreage.

Vegetable plantings were about three weeks later than last season because of "excessive rain which has hurt the vegetable crop more than the fruit," the report said.

In Northern Ontario condition of crops already planted was below average.

Most canning crops in both eastern and western Ontario were said to be below average but corn acreage was reported higher and eastern canners have contracted for 11 per cent. more than in 1942. In Western Ontario green beans were said to be ahead of last year.

Tomato plantings in the East were reported to be increasing while in the West at 10 per cent.

"Spitfire" Pilots In North Africa

Picture shows: Pilots of an R.A.F. "Spitfire" squadron operating from Tripolitania. These pilots, photographed in Tripoli, come from Australia, Canada and New Zealand. They are: (L. to R.): Pilot Officer Small, from Gyr, New South Wales; Sergeant Anderson, from Dawson Creek, British Columbia; Flight Sergeant Gee of Farnworth, Ontario; Sergeant Allington, from Hastings, New Zealand.

Do Away With Rebate System

The problems relating to the sale of marked gasoline and refund of the Ontario Gasoline Tax thereon, have been under investigation by the Department of Highways of the Province of Ontario for some time. Numerous requests have been received for some change in the present system of refunding the Ontario Gasoline Tax.

After studying the situation in all its aspects, the Province has now decided to allow the sale of marked gasoline (i.e. gasoline marked purple in accordance with the orders of the Oil Controller of Canada) free from the Ontario Gasoline Tax to farmers, licensed commercial fishermen, licensed guides and licensed or other bona fide tourist outfitters, commencing July 1st, 1943.

The new system will eliminate the necessity of submitting claims for refund of the tax, as the Ontario Gasoline Tax will now be exempted at the time of purchase, on presentation by the purchaser of his purchase permit and a property completed and signed "exemption statement". Purchase permits and exemption statements will be bound together in book form and mailed directly to the purchaser from the Department, on approval of his application.

The purchaser should secure his "Application for Purchase Permit" from his retail dealer in marked gasoline, any Division Office of the Department of Highways or the Gasoline Tax Branch of the Department of Highways at Toronto.

MARKED GASOLINE

Free from the Ontario Tax at time of Purchase

Commencing July 1, 1943, the Ontario Gasoline Tax on MARKED gasoline will be exempted *at the time of purchase*, to those engaged in Farming, Licensed Commercial Fishermen, Licensed Guides, Licensed or bona fide Tourist Outfitters, upon presentation to the retailer of a Purchase Permit and correctly filled out Exemption Statement. If you are included in one of the above classifications you should make application immediately for your Purchase Permit, issued free by the Department of Highways.

HOW TO SECURE PURCHASE PERMIT and EXEMPTION STATEMENT BOOK

Applications for Purchase Permits may be secured from:

Your local Retailer of MARKED Gasoline;
Department of Highways, Division Offices; or
Gasoline Tax Branch, Department of Highways, Toronto.

APPLICATION FORMS NOW AVAILABLE

Purchase Permit, with a supply of Exemption Statements, bound in book form, will be forwarded by the Department as soon as application has been approved.

TO PURCHASE MARKED GASOLINE UNDER THE NEW SYSTEM, permit holder must show retailer his Purchase Permit, and both permit-holder or his authorized agent and retailer or his agent must sign correctly filled out Exemption Statement *before sale is made*.

NOTICE TO ALL VENDORS OF MARKED GASOLINE: All vendors of MARKED gasoline will be required to obtain a special license to allow them to sell MARKED gasoline free from the Ontario Gasoline Tax. License may be secured from the Gasoline Tax Branch, Department of Highways, Toronto.

INSTRUCTIONS TO RETAILERS

1. Retailer or his agent must examine Purchase Permit and sign Exemption Statement *before sale is made*.
2. Original of Exemption Statement must not be detached until it has been signed by both retailer or his agent, and permit-holder or his authorized agent.
3. Periodically, information contained on these Exemption Statements will be listed on an Application for Credit Form supplied by the Department of Highways. This Application for Credit, with Original Exemption Statements attached, will be handed to distributor for credit of the amount of tax allowed to permit holders.
4. Secure your Application for Credit Forms from your distributor.

The co-operation of Purchasers and Vendors alike is urged so that the change-over to the New System will be as effective as possible.

GRIMSBY FRUIT

present thinking of national and industrial leaders. Here are some of the reasons:

1. There is a growing realization that vast new aerial tradeways will criss-cross the skies of the world after the war. The prospect of intense rivalry for this air-borne commerce has stirred agitation for long-range planning in Canada as well as the United States and England.

2. Canada is, geographically, in a highly favored position, being at the crossroads of these global sky routes. The shortest airways linking the United States with Europe and Asia pass through Canadian skies.

3. The Air Age must be reckoned with in the international politics of peacetime, for in due time the entire world will be a neighbourhood. No people on earth will be more than 60 hours' travel from your nearest airport.

4. The prospect of air express and cargo of vastly increased airline service supplemented by networks of feeder lines, and the possibility of the family plane all point to revolutionary changes in domestic as well as international economy.

5. It is hoped that peacetime aviation will absorb a substantial number of the thousands of skilled pilots, navigators, and mechanics released from the military services.

6. The postwar demands of global and domestic aviation are expected to take up part of the industrial slack when military aircraft orders evaporate.

The largest of today's air transports are dwarfed by the sky levathans already on the drafting boards and ready for production as soon as manufacturers get the green light.

The modern Lockheed Constellation has four 2,000-horse power engines and is designed to carry 57 passengers on trans-ocean runs. The Martin Mars, biggest in the air today, weighs 70 tons loaded, has a wing span of 212 feet, and can carry 160 people.

"But," says Glenn L. Martin, who built the Mars, "these aircraft are inconsiderable indeed compared with the flying ships we are already planning. My company have plans for 125-ton commercial air vessels. No technical considerations limit the size of the airplanes that can be built."

Even now, Henry Kaiser's planes

construction of a "flying wing" plane which, if loaded only with fuel, could fly 17,000 miles, three-quarters of the distance around the world, non-stop.

Discussing such drafting-board dreams birds, Grover Loening, aviation consultant and technical adviser to the U. S. War Production Committee on Air Freight, has visualized "the largest aircraft that now seems practicable." It has 12 engines totalling 36,000 horsepower. Its monster wings with their span of 380 feet will lift into the air a total weight of 450 tons, equivalent to the load of 30 railway freight cars.

With the advent of such gigantic long-range aircraft, our accepted notions of geography will have to be uprooted. We'll be dwelling on the floor of a vast air ocean and when our aircraft swim upward like deep-sea monsters such traditional obstructions as mountain ranges, water bodies, continents and polar regions will have no more significance than ripples on the floor of the sea.

Granted this freedom of unobstructed travel, we have to take another look at the globe. It is obvious that three-quarters of the land mass and nearly 90% of the world's population are in the northern hemisphere, clustered around the great wilderness of the polar area. It is evident, too, that by far the shortest routes between America and Eurasia pass over the Arctic. The polar ice cap becomes a Mediterranean between Eastern and Western hemispheres.

To fly from New York or Montreal you might travel east or west around the bulging belly of the globe, a distance of some 12,000 miles; but the quick route will be north across the Arctic, over Siberia and into China, a distance of only 7,500 miles. The latter will be flown in 38 hours.

Similarly, Toronto will be one day's flight from Moscow, and Calcutta will be but two nights and a day from Seattle or Vancouver.

In addition to the inevitable shake-up in our concept of geography and sense of direction, global air routes will disrupt the relative importance of seaboard and inland cities. As far as transpolar air traffic is concerned, immobile centres like Edmonton, Winnipeg and Toronto will be more strategically located than Vancouver or Halifax.

Furthermore, the communication will make inland areas such as the interior of China, Tibet and Russia, readily accessible, thus stimulating their development.

Canadian Pacific Officials Honored

OUTSTANDING contributions to the war effort of the United Nations by Canadian Pacific officials both in Government and in company services are given deserved recognition in the civilian division of the recent honours list when four were made officers of the Order of the British Empire, and one a member of the Order. Those receiving the O.B.E. were: George Hodge, manager, Department of Personnel and Ottawa, serving as a member of the National Labor Board Committee, representing employers; John Eaton, assistant general purchasing agent and on leave of absence, serving at Ottawa as Director.

PRIZES

- (1) \$150.00 Chesterfield Suite.
- (2) \$94.50 Radio.
- (3) Prepaid Medical Service for one year for a family of 4 or less as available under the Associated Medical Service Plan.
- (4) \$65.00 Imperial Colonial Raftan Furniture Set.
- (5) Dinners for two people twice a month for one year at the Village Inn.
- (6) \$25.00 Cash order on any one store in Grimsby.
- (7) \$20.00 Cash order on any one store in Grimsby.
- (8) \$15.00 Cash order on any one store in Grimsby.
- (9) \$10.00 Cash order on any one store in Grimsby.

ENTERTAINMENT

Program starts at 8 p.m. sharp

Be There Early And See These Artists Under The Direction of Miss Jessie Cameron MacGregor, Pianist and Manager.

Thursday Night

Pipe Major John Wright

And his group of Dancers from London and St. Thomas.

Will Davies

Ventriloquist and Entertainer with Talking Dummies.

Bert McAllister

The Comical Clown.

Friday Night

Mr. and Mrs. Stan Lowell

In their spectacular hand balancing act in which Mrs. Lowell plays the strong member.

Nancy McCraig

The beautiful girl piano accordionist playing all the latest numbers — Grand Costumes.

The Monie Sisters

Featuring Scottish and National Dance, Fast Tap and Novelty.

Lots Of Fun For Both Adults And Children

Merry-go-round — Ferris Wheel — Bingo — Wheels of Fortune — Over and Under and Many Other Games You Will Enjoy.

REMEMBER -- You can help your community by supporting the Lions
